AEM TIP: Always remember when your mobility scooter or powered wheelchair is not in use to keep your batteries fully charged. As flat uncharged batteries left for a period of time may not take a charge and will need to be replaced. Your charger will keep your batteries fully charged when not in use and it wont over charge them. So when not in use always have your mobility scooter or powered wheelchair on charge.

SPRING & SUMMER SPECIAL OFFERS

With spring and summer approaching why not bring your mobility scooter or powered wheelchair with you on your holidays. We have a range of mobility scooters and powered wheelchairs that can fit into your car boot and are allowed on board airplanes. This superb range can be dismantled for transport in 30 seconds and is as easy as folding a child buggy. Our holiday range of mobility scooters and power chairs will travel 10 miles on a full battery and have a speed of 4mph.

Please visit our showroom in Crumlin village to view our large range of mobility scooters and powered wheelchairs where one of our expert mobility consultants will be able to honestly assess your needs and recommend the correct type of product for your needs. We also provide a free callout service so you can view our products in the comfort of your own home. To arrange a free assessment and demonstration call us now on 01—4553168 we travel nationwide and with our comprehensive after sales service and water tight warranty you can have complete peace of mind with Advance Electrical Mobility.
