

"YOUR MOBILITY MADE EASY!"

"OT NEWS YOU CAN USE" ...

We here at Advance Electrical Mobility understand how important it is for people to keep warm over the cold, wet winter months. In this issue we will be focussing on some comfort products, such as slippers, fleece cushions and blankets as well as scooter and wheelchair clothes. We stock a large range of these products so visit our showroom now and you can be prepared for the winter months.

The Seattle riser recliner armchair has three independent motors which means you can operate and move the leg rest independently of the backrest thus helping you find your most comfortable sitting position. The chair's unique three-motor system also provides a longer life span and increased reliability. The motor cut out function prevents the motor from burning out. This chair has been beautifully designed and is available in three stunning fabric selections and will blend in with any interior.

classic armchair design
latest patented technology
automatic back adjuster
the chair inner mechanics are not visible at any position
full matching fabric cover to elevated inner frame
stylish button back providing excellent comfort
craftsman upholstered
built-in storage pockets
microprocessor controlled low voltage motors
excellent quiet and smooth actions

END OF YEAR CLEARANCE

Advance electrical mobility are pleased to announce our end of year clearance for the months of October, November and December. don't miss your chance to avail of these savings such as the Rio 3 mobility scooter at €95 down from €1650. The Rio 3 Lite mini-scooter has been designed with the capacity to carry up to 115kg (18 stone). It features a stylish new design and does not require splitting to fit into most car boots. It is ideal for use in the home, out shopping, on holiday or for days out with the family. This great machine has a range of 10 miles and will travel at 4mph
